

Good News!

Year 6

On Wednesday, we got straight back into the Year 6 frame of mind, beginning with our weekly Arithmetic test. We impressed ourselves with the results!

On Thursday, we started our new Year 6 SFA revision programme. We felt good because we began to realise just how much we know!

In Science, we began our new unit by making blood soup from jelly (red blood cells), marshmallows (white blood cells), rice (platelets) and juice (plasma). It was great fun and helped us to learn.

Maisie and Bethany

Year 5 Happy New Year from Year 5. This week has been a short one but we have enjoyed SFA so far because we have started a new topic about Space and we have been using the iPads to find fun facts such as how far away the sun is from Earth – 91 million miles!

In Geography we have learned about volcanoes and how they heat the Earth. The Romans believed that if you annoyed one of their Gods a volcano would erupt and kill you!

We have been looking at problem solving in maths and working out where calculations have gone wrong and explaining why.

Leo and Scarlett

Year 3 In Geography this week we have been learning about the United Kingdom. We are looking forward to our next Geography lesson.

In Maths we have been looking at 'less than' and 'greater than' and ordering 3 digit numbers.

We wrote stories this week making sure our handwriting was really neat. Owen and Ruby

Year 1

This week we have been learning about blue whales. They are longer than a bus and eat pink krill. Kian

We have made our own hundred square to help with counting. Brayden

Kian and Brayden

Year 4 In art we have been learning about tone and shade. We must always colour in the same direction and not leave any white patches. If we want the tone to be lighter then we have to change the pressure on the pencil and press harder if we want the tone to be darker. We also learned how to make lenticular art which is when two pictures are zigzagged and when you look at it from different angles you only see one of the images. (Yvonne)

In maths we have been doing mental addition and subtraction with three digit numbers. It can be tricky when we cross the tens boundaries but I can do it in my head. If it is really difficult then I can use a number line or column to help me. (Zoie)

Year 2

I have enjoyed SFA because I like writing and I enjoyed the book today. I liked it when Mrs. Armitage put lots of things on her bike to make it better. (Frankie)

I have enjoyed art. We have painted with Mrs. Banks and we did some rubbings of different textures with Mrs. Head. (Jakub)

Reception

We have been counting backwards from 20 with the splat square (Sebastian and Rudi).

I made a model of a robot with ribbons on it (Rudi). I enjoyed playing with the lego (Sebastian). Rudi and Sebastian

Week ending Friday 10th January 2020

Good News!

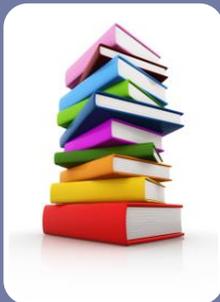

continued

Mrs Moore's Memorable Moment

Welcome to a new year and a new decade. It has been so lovely to see all the children again after the Christmas break. School was very quiet without all the children! I have enjoyed hearing all about what they have been doing and to see them settle so quickly back into school. I have had a few book recommendations from children about books that they have been given for Christmas and I am looking forward to reading some of them; several pupils have been telling me about The Christmasaurus books which I now want to buy.

We have started this year looking at what resolutions we can make to make ourselves the best version of ourselves that we can possibly be. I have made a resolution to drink more water and less tea and the children have been helping me and asking me if I have drunk two bottles of water yet! They are very good and making sure you stick to your word- very helpful! It has been lovely to speak to some of you already this term and I look forward to our continued journeys together in 2020.

RIBIT Certificates

RIBIT certificates will be given out in assembly on Monday.

Who received a Good News Certificate this week

Arthur L-J
Ronnie D
Evie J
Kian W
Thomas M
Finley C
William T
Lily S
Amy T
Isla H
Bardia F-G
Xakiera A

This Week's House Points winner is:

Palace House	810
Tattersalls House	805
Severals House	825
Hyperion House	790

News from the PTFA

Welcome back!! We hope you all had a wonderful Christmas and fantastic New Year. We have some exciting dates for you to book into your diary and we will keep you posted with these in due course.

Attendance for this week

Reception	98.89%	Year 1	96.11%	Year 2	92.78%	Year 3	99.38%
Year 4	100%	Year 5	95.24%	Year 6	100%	Whole school	97.49%
