

Good News!

Year 6

Year 6 have enjoyed a busy week. We have loved reading *The Firework-maker's Daughter* and discussing the characters while summarising the story and making informed predictions based on what we have read. The children have produced some beautifully detailed portraits with careful shading and correct proportions. In Geography we have been exploring the Lake District and creating timelines and posters. Well done Year 6!

Year 5

Year 5 have had another fantastic week. In Maths, they have pushed themselves to read and understand numbers up to one million. As one child pointed out, "That is a lot of zeros to remember!" But they have Aimed High and Achieved, impressing us all with their hard work and increased pace. In Computing, Year 5 thought about e-safety, creating some very funny memes in the process. Well done Year 5, you gave us all a giggle!

Year 3

Year 3 have aimed high and achieved with their RE work this week, recalling facts from our first lesson. We have never given up with writing our 3 digit numbers in Maths and have enjoyed learning about the eight points of the compass. The year 3 team have been particularly impressed with your awesome cushion designs. Well done, another great week!

Year 1

Well done Year 1 for aiming high and never giving up. We have enjoyed our work on history this week. We have looked at the stages of life and discussed how we have changed from a baby to the grown up child we are today. We have looked at toys we played with when we were younger compared to the toys we have now. We are looking forward to being musicians next week.

Year 4

Year 4 have been so engaged and enthusiastic with their history topic this week: the Anglo-Saxons! They remembered so much from their Romans topic in Year 3 and used this to make links to this next period of time. Place value work in Maths has seen some fabulous teamwork and logical explanations. We have been seriously impressed by Year 4's respect and achievements this week!

Year 2

Year 2 have worked hard on their listening skills in music this week. We have been listening to sounds of African animals and thinking about their tempo and dynamic. We really enjoyed going on a sound safari and clapping out rhythms to imitate the animals. Well done Year 2 you aimed high and achieved!

Reception

Week ending Friday 17th September 2021

This week has been very busy in Reception. We have been learning about how amazing we all are. We are painting self portraits and have been writing about things we love to do. We have also started to learn our phonics sounds using our listening skills to hear the sounds in words. Keep up your active listening Reception.

Good News!

continued

Mrs Moore's Memorable Moment

We have had another successful week of enjoying our learning at Ditton Lodge. Thursday was National TA Day and we took the time to thank our TAs for all the hard work they do. They had a treat of tea and cake in the staffroom and the chance to catch up with each other. We appreciate our TAs so much. They have supported both pupils and staff in so many ways, especially over the last 18 months and we want them to know how valued they are.

This Week's House Points Winner is :

Palace House	2360
Tattersalls House	2415
Severals House	2205
Hyperion House	2640
