

Good News!

Year 6

Year 6 have worked hard to create their own self portraits with a surreal background based on the artwork by Frida Kahlo. Their portraits looked fabulous! We have also been learning all about the Windrush generation in History and the children were interested in learning all about life in the Caribbean and how these brave people became involved in the second world war. Well done Year 6!

Year 5

Another great week for Year 5! They have begun to tackle the tricky Geography topic of climate and biomes, but have shown huge enthusiasm for learning continents and capital cities. Year 5 have continued with their art, looking at Hundertwasser. They created some wonderful, colourful pieces by enlarging areas of his works. We have also been impressed by how much Year 5 have taken it upon themselves to continue working at home, researching Kensuke's Kingdom and Geography. Keep 'Aiming High' Year 5.

Year 3

Well done Year 3 for never giving up and aiming high and achieving with your French this week. You are working hard to learn your times tables and are enjoying and taking risks on TT Rockstars. Your handwriting was particularly impressive this week. Tres Bon!

Year 1

Well done Year 1 for always aiming high and never giving up. We've worked hard on comparisons of numbers this week. We've learnt to use $<$ $>$ and $=$ to compare numbers. We have remembered that the crocodile always eats the biggest number.

Year 4

Year 4 enjoyed working collaboratively this week in computing: working as a team to create a set of guidelines on Google Sheets for our computing lessons, and using Google Slides to contribute to a presentation on staying safe online. We had to remember not to edit other people's work and find a space to add our own work. We have continued to look at place value in maths, ordering and comparing numbers to 10,000. Well done Year 4 - such an impressive week of aiming high and enjoying our learning!

Year 2

Well done Year 2 for never giving up this week and working on your presentation in all areas. This week we have been identifying human and physical features around the school and Newmarket town. You have written some fantastic sentences using geographical language.

Reception

Reception have had an amazing week talking about feelings. They have been using the sounds they have learnt and been using them in our writing. We have been continuing to practice our active listening. Keep aiming high and achieving.

Week ending Friday 24th September 2021

Good News!

continued

Mrs Moore's Memorable Moment

This week we have been looking at the wider life at Ditton Lodge and looking at how we can be involved in the life of the school. We have started clubs: Running Club, Football Club, Lego Club, Science Club, Singing Club as well as Premier's Multisport Club. Mr Smith has also been running fitness sessions at lunchtimes to get our heart rates up and increase our exercise. We are really excited to be able to offer these opportunities after having to stop our clubs over the past 18 months. We are really looking forward to continuing to offer a range of different experiences for your children during the year.

This week we also looked at our roles within school and each class has appointed one boy and one girl to be the school council representative. The Year 6 roles of Sports Ambassadors, Eco Ambassador and House Captains have been announced and we are all looking forward to next week when our Head Boy and Head Girl nominees share their manifestos with the school.

This Week's House Points Winner is :

| | |
|-------------------|------|
| Palace House | 3035 |
| Tattersalls House | 2295 |
| Severals House | 2535 |
| Hyperion House | 2880 |
